

Golf Rain Policy

****Restrictions:** A customer is eligible for a Rain Check if Atlantic National Golf Club receives an excessive amount of inclement weather.*

A.M. RATES:

Rain Checks are determined by the # of Holes that have been played. A monetary value credit will be issued in the form of a rain check to be put towards your next round. Rain Checks are Pro-Rated per hole determined by the Rate paid by the customer.

Every Rain Check is valid for up to 60 Days.

Rain Checks may only be applied toward green fees

AFTER 3:00 P.M.:

Rounds that begin AFTER 3pm are NOT eligible for a Rain Check in the event of inclement weather.

Lightning Policy

ANGC is equipped with the Earth Networks advanced lightning detection system that will sound an alarm when lightning is detected in the vicinity of the course. When the alarm sounds, all play shall immediately cease, and all guests must seek shelter (clubhouse) until the lightning is at a safe distance away. The system will signal an all clear horn letting our guest know it is safe to resume play. Rain checks will be offered as an option after an extended delay of 1-hour consecutive lightning warning or for extreme weather. ANGC management will assure the course is safe to allow players to return to their position on the course.

Golf & Lunch Promotion allocates \$8.00 towards lunch. Rain Checks will be determined by deducting \$8.00 from the original green fee paid by the customer, then pro-rated per hole for the number of holes you did not complete.

****Complimentary rounds of Golf are Eligible for a \$10.00 rain check if you have not teed off hole #10****
